ABOUT THE LP\EP

Grow EP

May sees the first release of an exciting new member of the Brusio family, Rec Overflow. Hailing from Madrid, we are treated to a 5 track of twisted IDM and post-dubstep synthetics with the appearance of the 'Grow EP'.

Taking us back to a heady time when IDM was fresh and new, 'Psicodelicious' eases us into comforting melodic progressions and scattered microedited voices, before dropping a harsh glitch-hop beat from the sky. As the release progresses, each track takes on a new form and style, from the complex percussion underlying 'Sweet Afgan' to the sparse introverted darkness of 'Blue Fruit'. All are intertwined with a common theme however, the pairing of complexity with straight rhythm which in total creates a disorientating, yet danceable release.

ABOUT ARTIST

Rec_Overflow is a very active agent of underground Madrid electronica scene through the collective of musicians and mp3/cdr- label Plataforma-LTW. Raw and deep electronica messing up with dark hiphopism, halfway between the smashed dancefloor and the unusual and relentlessly melody, the rhythm catharsis and the dreamy soundscapism.

His dj sets and live appearances display a high energy and dinamism. He released 'Madrid' on Barcelona label spa.RK (2005) or 'Beetch Ep' on Pulpa records (2007) and the uncountable mp3 labels including [Plataforma-LTW](#), [Sutemos](#), [Miga](#), [Sinergy-networks](#), [crazy-language](#), [add sensor](#) and many more...
